The DIMMER VIEW

by Max Goodwin

How to Cover a Riot

When school re-opened this year I was asked to discuss journalism in a class of a San Diego high school made up of minority groups.

The discussion was about freedom of the press, and how a reporter comes to know he is walking hand-in-hand with history. It all went off very well.

When the discussion was ended and I was leaving the southeast San Diego school, my path was blocked by seven high school black youths.

The confrontation was on the sidewalk outside the facility. They had been waiting.

"Hey, you a probation man?" one asked.

My reply was negative but the black wall remained solid.

"Who you here to see about, probation man?" came the next question.

"I am here on business. I'm a reporter," I said.

"Yeah," replied one.

I continued to walk toward the group. One moved aside slightly. I pushed through. Except for the ones pushed aside as I continued toward the parking lot, not another one moved nor said anything.

It was not one of my more pleasant newspaper experiences.

It reminded me of an article I had read the day before. It was filed by the U.S. Press Association. It had to do with a newspaperman who reviewed the rash of violent demonstrations in our larger cities that had brought about a change in the relatively peaceful pursuit of newspapering. A reporter may find he is suddenly involved in a most hazardous occupation if he is covering a riot, for example.

He can be mistaken for "the enemy". This poses a problem of how to dress. If he covers the demonstration dressed in a suit, tie and haircut, he is in grave danger of being identified as a member of the hated "establishment" and having his skull cracked by one of the mob.

If, on the other hand, he goes unshaven and dressed like a bum, he can easily wind up in the paddy wagon with the rioters.

Andy Snyder, a newspaper chain photographer, has come up with what he hopes to be the solution. First, when on "riot call" he tries to mix his appearance in the hope that everybody is confused. Second, he makes sure that he is labeled "press" front and rear. Third, he has the printing department run off a generous supply of large, bright canary-yellow cards which he plans to hand out to everybody handy to the scene being shot. The cards are printed in big bold type with the following:

"NO!!! I am NOT a cop! I do not work for any of the following: the FBI, CIA, DIA, CID, MI, NI, SS, IRS, TD, MCPD, DCPD, PCPD, MSP, VST, NACP, CP, MARTHA OR JOHN MITCHELL, NIXON, AGNEW, NADER OR ANY LAW ENFORCEMENT OR CRIMINAL INFORMATION GATHERING AGENCY. I TAKE MY PHOTOGRAPHS FOR PUBLICATION NOT PROSECUTION. I AM A WORKING NEWS PHOTOGRAPHER AND I WORK FOR SENTINEL NEWS PAPERS. IF YOU HAVE ANY QUESTIONS ASK THEM."

At this writing, the acid test for the "identification cards" has yet to transpire.

If nothing else, they will probably produce a good laugh. But Andy says he is still bothered by one question; will a hippie clobber you while he is laughing?

Students At Golden Avenue To Get Cheaper School Lunches

The Lemon Grove School District Board of Trustees met Monday night and discussed the United Crusade, Public Law 874, and the free and reduced price lunch program.

According to reports from Superintendent Byron Netzley, the district realized 120% of its goal in the United Crusade drive. He also noted that most schools in the district reached their goals in the effort, and one school, Monterey Heights, made nearly 200% of its goal.

Paul Reynolds reported to the board about Public Law 874, noting that applications have just been received, calling for a November 12 filing date, which is earlier than the usual January date.

Reynolds told the board that the district would be ready to file today. He also said that this year's figures were nearly identical to last year's.

According to Reynolds' report, the exact figures were not available Monday night because of a question on a few of the federal survey cards which were turned in by students.

The board also heard a report from Bob Sutton regarding some changes that have been made in the eligibility standards for free and reduced price lunches under the national school lunch act.

The district is now required to send an application to every parent in the district. Previously, the board sent a letter to every parent, and applications to those who requested them.

The district is also now required to give free lunches to

all students whose families receive Aid to Families with Dependent Children, all foster children, and all wards of the court.

Sutton also reported to the board that Golden Avenue School, as a target school, is eligible to give reduced price lunches to all its students.

Golden Avenue has been designated as a target school under the ESEA Title I program. The board approved reduced price lunches to the students at the school, starting Nov. 16. Netzley noted that it is not unprecedented to give reduced price lunches to all students at a school. He said that the San Diego City Schools have 20 schools under the same arrangement.

In their action, the board accepted last year's audit report, and authorized a study of costs and feasibility of a mobile van to house instrumental music instruction in the elementary schools.

First Step to Authority

L.G. Planning Association Wins Commission's Approval

CUTE CANDYSTRIPER — Sherrie Gutshall, 18, daughter of Mr. and Mrs. Robert L. Gutshall, of 3060 Olive st., Lemon Grove, was the winner of Homer Streich Award for longest continuous service and most time given as a candystriper at Grossmont Hospital.

The plaque was awarded to her last Saturday at the annual Grossmont Auxiliary Mother Daughter Awards Breakfast at the Bronze Room in La Mesa. Sherrie also won the hospital Honor Award for the highest number of hours in the past year. She had over 1,000.

Car Crashes Through House In Lemon Grove

A car, driven by Deborah Ann Mock, of 8885 Lance st., Spring Valley, crashed into the home of Mr. and Mrs. Harold Hansen at 6:30 p.m. last Wednesday, according to reports from the California Highway Patrol.

The Hansens had left the house, at 3307 Vista ave., about an hour and a half earlier to attend a meeting of the Veterans of Foreign Wars.

The living room of the house, owned by H. A. Stephens, who accompanied the Hansens to the meeting, was demolished, as was a good deal of the personal belongings of the local couple.

According to reports from the Highway Patrol, the car crashed through a concrete wall, through the patio, and into the living room.

Lemon Grove firemen estimated the damage of the house at approximately \$3,000.

Hansen, also known as Harold the Horrible, is an active member of the Lemon Grove Old Time Days Committee, and amazed many in the world's worst parade this year with his magic tricks.

LG Fire Report

The Lemon Grove Fire Department, for the week of Nov. 2-9, answered four fire calls.

On Nov. 4 at 5:23 p.m., firemen went to 3307 Vista for standby in case of fire, requested by the Calif. Highway Patrol.

On Nov. 7, there were two calls: The first was at 10:26 a.m. to 3916 Shirlene. There a 1962 Corvair, owned by Allen Nicholas was having an engine washed with gasoline, when the gas was ignited by a spark. Damage was estimated at \$200 to the rear of the

Public Meeting to be Called For Broadway Improvement

A Chamber of Commerce sponsored meeting of Broadway business-property owners and representatives of the County Road Department will be held during the first week in December, Bob Russell, president of the Lemon Grove Chamber of Commerce said today.

County Engineers earlier this year announced a plan for resurfacing Broadway between Olive and Kempf; installing center islands with left turn pockets, and installing traffic control curbs. The improvement is scheduled for early next year, Russell said.

"If we get approval of the property owners, we can form a maintenance district," he said. "We can get the center islands landscaped by the county without cost to property owners, have the Broadway front privately owned parking areas resurfaced and reset the street lights in the

center islands. All it would cost is maintenance and that cost would appear as a small extra charge on the Broadway tax bill," he added. Maintenance would include parking area sweeping.

Russell said that approximately 30 residents had asked him to encourage better traffic control and parking along Broadway. "Shoppers are for it," he said. "Some shoppers, elderly ones particularly, tell me they prefer to shop in Lemon Grove, but do not because of the hazard induced by present traffic conditions."

"Since the County is going to put in certain improve-

ments in any event, we ought to make the business community as sharp looking as we can. Without doing anything, plain center islands will be installed and the street lights will remain where they are continuing to be a traffic hazard to shoppers. We ought not to give shopping centers the edge they have now by default," he said.

Both improvements anticipate the opening of the bottleneck between Olive and Main streets on Broadway.

Postmasters Give December Dates

Local postmasters have four important dates for local Christmas celebrants.

They are December 1, 10, 11 and 15 and they are the dates by which various items should be mailed.

Dec. 1 — Mail parcels to distant places

Dec. 10 — Mail greeting cards to distant areas

Dec. 11 — Mail local parcels

Dec. 15 — Mail local greeting cards.

The U. S. Postal Service will handle over 7.9 billion pieces of mail during the holiday season, Bill Fitzpatrick, Spring Valley Postmaster said.

Lemon Grove Postmaster Frenchie Faucher urged postal patrons to put their own name and address inside Christmas parcels as well as on the outside. "If the wrapping and the address become separated from the package, it is possible to get the package back to the sender," he said.

Free Help Available For Tumbleweeds

Get those tumbleweeds piled up.

The Lemon Grove Fire Department said today that Department personnel will burn

tumbleweeds without charge four days between Nov. 23-27 — Thanksgiving Day excepted.

Tumbleweeds must be piled in an area away from trees, structures or utility wires. Burning will be conducted on smog free days between 8 and 5.

Lemon Grove residents who want to take advantage of the offer must call the Department at 466-0564 and Marshal Ray Carmody will visit the burning site prior to burn days.

This newspaper has complained that the County no-burn edict has created a fire hazard throughout the east county. The high cost of transporting tumbleweeds to the dump — and the dump use charge cost have contributed to the hazardous situation.

Request should be made for the burn help well in advance, Carmody said.

SAN DIEGO (CNA) — The Lemon Grove Citizens' Planning Association was recognized Friday as a viable community planning organization by the County Planning Commission.

The commission recommended that the Board of Supervisors give formal recognition to the group and authorize the county planning department to aid in the planning.

The Board of Supervisors is scheduled to consider the matter at 2 p.m. December 2.

The boundaries of the planning effort are San Diego city limits on the west, University ave. and La Mesa on the north, Sweetwater rd. on the east and Jamacha rd and Imperial ave. on the south.

The hearing was brief and presentations were made by Chairman James V. Dorman, B. W. Ela, F. Shughrue, Jr., Mrs. Carl L. Taylor, and Al Woods.

There are 110 persons from all portions of the planning area officially pledged to serve on the Lemon Grove Citizens' Planning Association executive committee, Dorman, an attorney said. Shughrue and Woods are bankers. Mrs. Taylor is a medical secretary and Ela is an engineer.

Meanwhile an elected executive committee in Poway has not served the first citizens' planning effort well because it excluded certain land interests. It was the method, not the committee, an observer noted.

Poway was the first community planning group to be formed under county jurisdiction and some slips were to be expected.

The county staff's relationship to the committee in Lemon Grove will be one of a consultant, furnishing information on land use data, and information on what is possible under county zoning law and zoning principles.

The group will be more on its own than the county planning commission which gets staff recommendations and active advice on nearly every matter that comes before the commission.

In community planning, the staff, in fact, does not even attend meetings at which decision-making votes are taken.

Robert Kelsay, the county's community planning chief,

said, "We recognize that a community plan must be the product of the citizens if it is to be the living, workable guideline for the future."

"Without the support of those directly concerned, the residents and land owners, there is no solid base to build on."

Fly Control Tightened By Sups

SAN ALTO (CNA) — County supervisors on Thursday adopted a fly control ordinance calling for the establishment of a fly control and abatement of a fly control and abatement board.

In acting, the board accepted in total the recommended ordinance of its ad hoc committee.

Two weeks previously, the board had directed preparation of a somewhat tougher ordinance and it had appeared at that time this law had the board's favor.

However, the board opened up the whole subject for discussion to the dismay of Mrs. Arthur Padoff of El Cajon and Doris Miller of Lemon Grove.

Mrs. Miller lives on Drew st. near a small poultry operation described as the "messiest in the county."

The board ordinance had a system of permits and fees and although Supervisor Harry Scheidle made a strong pitch for the retention of the system. He was supported by De Graff Austin in an on-and-off fashion.

The support was in the off position when the vote was taken and the vote was three to one.

The ordinance calls for regular inspection of the poultry ranches at least four times a year. This inspection has already begun and is credited with success against flies, but the real test will not come until the wet weather starts.

Local Jeweler Is Victim Of \$1,000 Theft

Walter's Jewelry, 7773 Broadway, was the victim of the theft of \$1,000 in rings November 2, according to reports from the Sheriff's Department.

Mrs. Jerome Walters told Sheriff's Deputies that afternoon that two customers came into the shop at 2 p.m. while she was with another customer.

After taking care of the first customer, Mrs. Walters said she took an order from one of the two, while the other was looking at rings in a display at the other end of the shop.

The customer looking at the rings left the shop before the other had completed the order, and when the order was completed, Mrs. Walters pressed the alarm button, noting that some of the rings in the display were missing.

The two suspects were followed to Mayfair Market, where Sheriff's Deputies questioned them, but found no rings. Mayfair was also searched, but nothing was found.

Turkey Dinner Planned At Saint John's

Saint John of the Cross Church, 8086 Broadway, Lemon Grove, has scheduled a "Tasty Turkey Dinner" for Sunday from noon to 6:30 p.m. on the church grounds.

The menu will include hot roasted turkey and gravy, giblet dressing, cranberry sauce, a vegetable, and creamy mashed potatoes, according to John Stenbeck, chairman of the event.

Also on tap for diners are salads, relishes, rolls and butter and a variety of desserts. Coffee, tea, and milk will also be served.

Prices of meals are \$1.75 for adults, \$1 for children, and a special family rate of \$7.50. Preschool children are free.

A drawing will be held for a \$100 savings bond, a \$50 bond, and two \$25 bonds.

The dinner is being sponsored by the Parent Teachers Guild, the Confraternity of Christian Doctrine, and the Saint John's School Bus Committee. Proceeds will go to provide for the needs of these organizations.

The public is invited. For further information, call 461-2344.

The Bible study groups are for persons of all ages and everyone is invited to attend. For full information contact Rev. Virgil Simpson at 466-3339.

Hardison's Telespanish

By JAMES HARDISON

Please tell us how to say "What's happening?" in Spanish. Also explain how to say "What happened?"

"Que ocurre?" means "What's happening?" We sometimes experience difficulty in pronouncing this. Phonetically it is represented as "keh oh-KOORRR-eh." A response might be "No ocurre nada" for "Nothing is happening," or "Estamos divertidos" for "We are having a good time."

"Que ocurre?" is one way of saying "What happened?" In this phrase the principal word is accented on the last syllable and the phrase is phonetically represented by saying "keh oh-KOORRR-eh-OH." If we wish to expand our competency in asking questions we might inquire "Dónde ocurrió?" for "Where did it happen?" or "Cómo ocurrió?" for "How did it happen?" Another good question might be "Cuándo ocurrió?" for "When did it happen?"

Some responses to these questions could be "Ocurrió en las casa," for "It happened at home," and "Ocurrió con ella," for "It happened with her." Also "Ocurrió en la mañana," means "It happened in the morning."

If we wish to inquire into the future we may ask "¿Qué ocurrirá?" for "What will happen?" The same base word may be used in the response by saying "No ocurrirá nada," for "Nothing will happen."

You may wish to practice the phrases listed below. An automatic recording will guide you in the pronunciation of them when you dial 276-2762 on your telephone.

IMPORTANT PHRASES:
Say "Que ocurre?" (keh oh-KOORRR-eh) for "What's happening?"
Say "No ocurre nada," (noh oh-KOORRR-eh NAH-thah) for "Nothing is happening."

USEFUL PHRASES:
Say "Que ocurrió?" (keh oh-KOORRR-eh-OH) for "What happened?"
Say "Yo no sé," (yoh noh

SEH) for "I don't know."
OTHER PHRASES:
Say "Cuando ocurrió?" (koo-AHN-doh oh-KOORRR-eh-OH) for "When did it happen?"
Say "Ocurrió ayer," (oh-KOORRR-eh-OH ah-YEHR) for "It happened yesterday."

Since the Green Machine couldn't come to him, Navy Chaplain Bill Perry decided to go to the Green Bay Packers. Perry, known as the "singing chaplain," is a Lemon Grove man, living at 1975 Calle Entre.

Most professional football players are usually preparing for an afternoon game on Sundays, and can't attend regular church services. So Chaplain Perry, of the San Diego-based Destroyer Division 12, offered to hold church services for the Packers while they were in San Diego to play the Chargers recently.

Services were held at the Master Host Inn in Mission Valley prior to the game. Response by the team was enthusiastic when they discovered Chaplain Perry "spices up" his services by playing a guitar and banjo, and inviting everyone to sing out. The music runs from traditional hymns to the top 40.

Letters To The Editor

Dear Editor:

You will be pleased to know that the rubella vaccination clinics last weekend were a success. Newspapers played a strong part in that success. All of us in the San Diego County Medical Society and Department of Public Health want to thank you for your excellent coverage of this vaccination program.

A total of 53,926 youngsters were vaccinated. We believe this will have an appreciable effect in reducing birth defects caused by rubella. Such birth defects will not be eliminated, however, until all susceptible children 1 through 12 years of age are vaccinated.

Children who have not yet been protected against rubella should be taken to a private physician or to a Department of Public Health facility. The Department of Public Health will offer these immunizations in its regularly scheduled clinics starting November 9, 1970.

Again, thank you very much for all that your newspaper has done to help make the "Rub Out Rubella" program a success.

Sincerely yours,
Donald G. Ramras, M.D.

The people have gradually discovered Foreign Aid is a snare and a delusion. It has had to change its face often to survive — Lend-Lease, UNRR, Marshall Plan, Mutual Assistance, Mutual Defense, Security Programs, ICA, ECA, and now Agency for International Development.

Foreign Aid gives have now devised a new subtle plan — the "World Bank" will make "loans" at lower rates than those at which they can

of the Appellate Department, San Diego County Superior Court, to strike down the conviction of a 21-year-old youth on charges of desecrating the flag, is a sad blow for all patriots.

The youth had been convicted by a local Municipal Court Judge for violating Military and Veterans code 614. The Judge had ruled that wearing the American flag on the seat of your pants is indeed flag desecration. However, the Appellate Judges ruled contrary, stating that display of the flag is each individual's choice. It would be against the individual's Constitutional Rights to restrain his freedom of choice.

To me, a Veteran of the Air Force, I say, respect cannot be legislated, but what about other citizens rights? Isn't this individual infringing on my belief in my country, by openly degrading our symbol of freedom.

Public pressure can be felt by those in "Ivory Tower" positions. It's time to stand up and be counted. The pendulum can, and will swing for the people.

Crusade Goal To Top \$7,000

Lemon Grove's United Crusade is now in full swing with all divisions being worked by local campaigners and loaned executives who are making calls in an all-out drive to reach the community goal of \$7,587.

A real indication of the Crusade's progress will be the wrap-up this week of the campaign in the Lemon Grove School District. Under the public service division headed by Byron Netzeley, this account netted \$3,609 in 1969 and early reports show an increase this year. This is the single largest account for Lemon Grove.

Chairman John Ritenour and his business division chairman James Dorman were given an assist this week when loaned executives were assigned from the San Diego United Crusade office to make calls on local business firms.

Further calling attention to the Crusade was the appeal letter mailed last weekend to all residents of Lemon Grove. The residential division added over \$400 to the goal last year and a higher figure is anticipated for 1970.

Helix Takes Charge In Second Half, Rolls Over Monarch Gridders, 28-14

By Tom Blattler

Led by the running of re-serves Lanny Steiner and Stan Smith, the Helix Highlanders whipped the hard-hitting Monte Vista Monarchs, 28-14, at Helix Stadium last Friday night.

Aztecs To Host UCSB Saturday

San Diego State's unbeaten football team will shoot for its 21st straight victory this Saturday night by hosting UC Santa Barbara in a Pacific Coast Athletic Association contest.

The Aztecs of coach Don Coryell will put a 4-0 conference record on the line against the Gauchos who sport marks of 2-7 overall and 1-4 in the PCAA. Additionally, San Diego will be out to increase its nation-leading unbeaten streak to 31 games.

UC Santa Barbara got off to a slow start under new head coach Andy Everest, but have been coming along over the past couple of weeks. The Gauchos dropped their first six straight games before knocking off previously undefeated Hawaii, 22-20. UCSB had UOP on the run before succumbing 27-13 two weeks back and last week UCSB stopped Cal State Los Angeles, 36-6, for its first PCAA triumph.

UC Santa Barbara has been making its comeback behind quarterback Randy Palomino. A redshirt last season, Palomino led the Gauchos to victory in the Cal State LA game by completing 13 of 17 passes for 266 yards and a pair of touchdowns. On the game, UCSB piled up 601 yards total offense.

The Aztecs lead the series with the Gauchos, the longest in the SDS annals, 24-8 with one tie. State won last year's game 55-13 and has won the last five meetings.

scored three Highlander touchdowns, and Smith, subbing for junior fullback Frank Woolrich, was the game's leading rusher with 71 yards in 13 carries.

Coover, who suffered a back injury, and Woolrich, with a badly sprained ankle, are both lost for the season after being injured against Santana.

Monte Vista drew first blood on 1-yard plunge by fullback Tony Harper. Les Frank's conversion made the score 7-0. The tally was set up when quarterback Richard Weathers attempted to hit Frank in the end zone, and a pass interference call put the ball on the one-yard stripe.

Rockets To Test Warriors, Pistons At Sports Arena

There is definitely no relationship but the San Diego Rockets have scheduled Friday, November 13 as both Hex Night and Ladies Night when the San Francisco Warriors visit the San Diego Sports Arena for an 8 p.m. contest.

The first 5,000 superstitious fans attending the game will receive a lucky rabbit's foot and all ladies present will be able to compete in the half-time Fashion Valley free throw shoot. Those making their free throw will receive a ten dollar gift certificate from Fashion Valley and will qualify for the finals in March.

On Saturday, the Rockets will remain at home to meet the Detroit Pistons and their No. 1 draft choice Bob Lanier who is helping make the Detroit club a contender in the NBA's Midwest Division.

Tickets for both games, at \$5, \$4, \$3 reserved and \$2.50 general admission, are on sale at the Arena ticket office.

Friday's contest with the Warriors will be the second meeting of the season between the two Pacific Division clubs. They met in San Francisco last Saturday with the Warriors capturing a 114-102 decision.

Helix bounced right back on runs by Smith, and the passing of quarterback Jim Browning. The 80-yard drive was capped by Steiner's touchdown from the one. Browning then hit senior end Jeff Boutele for a two point conversion, and Helix led, 8-7.

Helix took charge of things in the second half, as Steiner took the kickoff at his own fifteen and ran it back for a touchdown, bring the score to 14-7.

Helix scored later, when a Monarch punt was blocked, and recovered by defensive tackle Bill Murphy in the end zone. That made the score 20-7 in favor of the Highlanders.

Steiner, a sophomore, tallied his third touchdown of the night on a 4-yard scamper, a touchdown that iced the game for the Scotties, who now post a 4-2 league record and are tied for second place with Santana and Granite Hills.

The Monarchs scored in the fourth quarter on a run-pass option by sophomore quarterback Art Spahr. The play covered five yards. Frank kicked the extra point, and the game ended with the score, 28-14.

Monte Vista's next opponent will be winless Mt. Miguel at Monte Vista Stadium tomorrow night. If the Matadors are psychologically "up" for the game, the Monarchs could have a tougher time than they expect.

Gary The Ghost Invades Harvard

Gary Garrison is his name. They call him The Ghost. He swoops out of the sky to catch touchdown passes for the San Diego Chargers.

Last Sunday Garrison caught his sixth and seventh touchdown passes of 1970. They enabled the Chargers (3-3-2) to subdue the Denver Broncos, 24-21. It was the third victory with one tie in the last four games for Coach Charlie Waller's heart-stop team.

This Sunday Gary The Ghost and his San Diego entourage visit the ancestral home of witchcraft, New England, to attempt more ethereal magic against the Boston Patriots. Kickoff at Ivy-covered Harvard Stadium is 10 a.m. (PST).

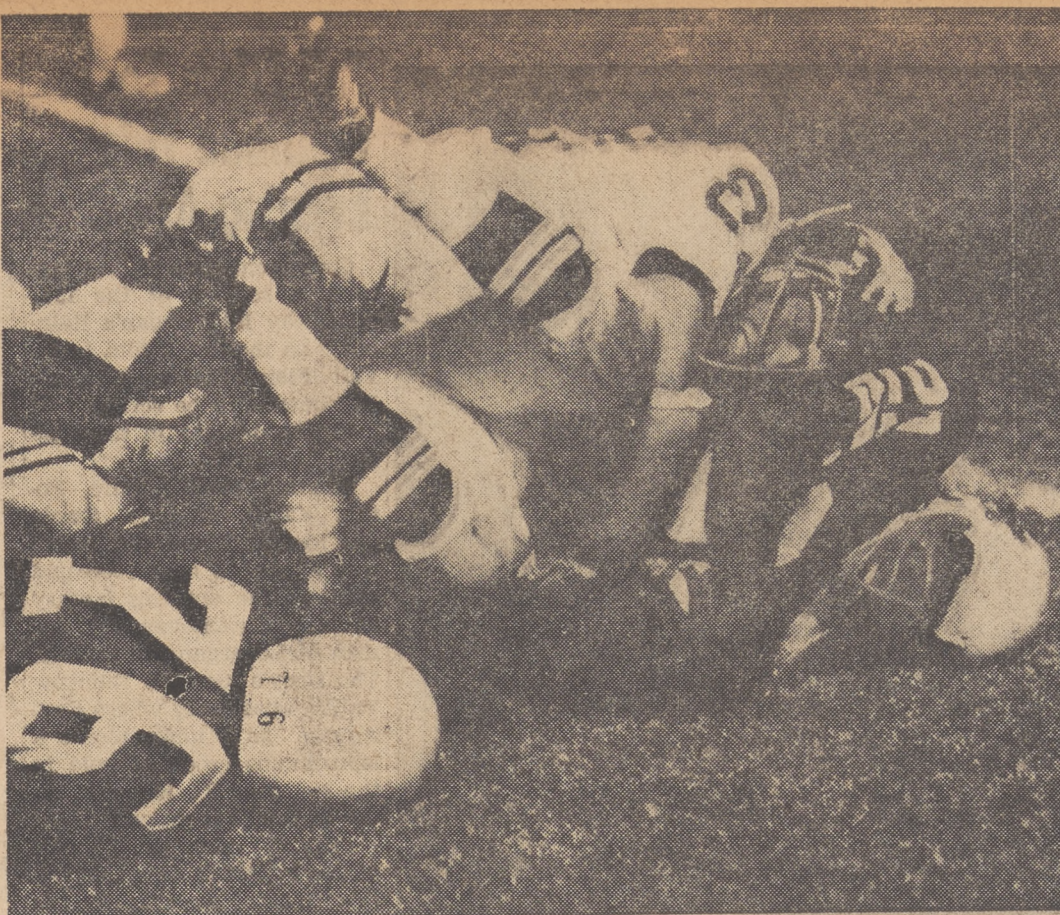

San Diego's first encounter with that Man of Machismo, Joe Kapp, will be televised over KOGO-10 by Bill Enis and Willie Davis and broadcast by KDEO and the Charger network by Stu Nahan and Emil Karas.

Situated one game from the top in the torrid AFC West, the Chargers invade Boston on the first stop of a three-game road trip. They play at Oakland, Nov. 22, and at Kansas City, Nov. 29.

Local Gets Master's

Stephen W. Peterson, of Spring Valley, received a Master of Education degree in school administration from the Western Washington State College at the end of the summer semester.

125 students received degrees.

TANGLE — Things got pretty rugged at Helix Stadium last Friday night, as the fired-up Monte Vista Monarchs tried to bump off Helix.

In this play, Monte Vista players managed to get to the running back. Helix got to the end zone more times, however, and won the game, 28-14. (Photo by Ron Lewis)

Monarch-Matador Battle To Feature Speed, Depth

With the Monte Vista cross country team sitting on the Grossmont League title and eyeing the San Diego section CIF championship, Mount Miguel's cross country team will try to play the role of spoiler tomorrow afternoon, as the teams clash for the Spring Valley championship.

The Monte Vista team, led by Tom Lux, took second place at the Aztec Invitational last Saturday, and has yet to lose a dual meet this year.

The Matadors were beaten twice earlier in the year, but have rolled over opponents in the last two or three weeks.

Against Granite Hills November 3, the Mats won their fourth straight dual meet, taking four of the top five places in rolling up a 16-42 score.

The Monarchs, who beat Granite Hills 17-44, feature a team with both speed and depth. At the Aztec Invitational, Tom Lux took second place to Dave Harper, and two other Monarchs were in the top ten.

Rick Duenez took fifth for Monte Vista and Gary Close was sixth.

Mt. Miguel Water Polo Team Wins

The Mount Miguel water polo team, with the help of fine efforts from Linc Szuch and Willie Davis, swam its way to victory over the University Dons last Tuesday and beat the Madison Warhawks Monday.

In the Dons game, which the Matadors won 14-6, Linc Szuch led all scorers with five goals. Bailey and Phil Rounds tossed in three each to aid the winning cause.

Madison had less luck than the Dons when they took on the Mats November 9, losing 15-1.

The Mats are now getting ready for the CIF playoffs, scheduled for Nov. 21 at San Diego State.

Gomez to Eye Padres Playing Winter Ball

Those San Diego Padres now playing winter baseball can count on an unexpected visit in the next two weeks.

Manager Preston Gomez has scheduled a trip to Mexico City, Venezuela, Santa Domingo and San Juan and expects to see all Padre players active in winter leagues in those areas.

"I'll be scouting other players as well as checking on the progress of our people," Gomez said.

The San Diego winter baseball roster includes pitchers Mike Corkins and Danny Coombs, infielders Steve Huntz, Francisco Libran, Nate Colbert, Ed Spiezo and Rafael Robles and outfielders Clarence Gaston and Jerry Morales.

In addition, coach Dave Garcia is managing Laguaira in the Venezuelan League.

"The reports on Libran have been extremely encouraging," Gomez said.

The 23-year-old Libran, who underwent knee surgery prior to spring training last year, spent the entire 1970 campaign at Lodi in the California League where he batted .250.

His winter league manager Larry Shepard at Areco in the Puerto Rican League has filed rave after rave about Libran's over-all performance at shortstop.

"It appears as if Libran has now completely recovered

from his operation," said general manager Eddie Leishman. "We consider him an outstanding prospect."

Padre Briefs — Garcia's club jumped out to a 9-3 record, which made Gomez all smiles when he heard about it.

Danny Coombs won his first two starts. Both Huntz and Spiezo have improved with their fielding improvement at third.

Shepard's only reservation about Libran concerned his "habit" of taping his knee before each game. When advised that Libran had undergone surgery last March, Shepard's comment was: "I'd definitely say that he's come all the way back as a fielder."

University Of New Mexico To Schedule Aztecs

San Diego State football has taken another stride toward "big time" football with the scheduling of the University of New Mexico at Albuquerque.

Dr. O. Kenneth Karr, Athletic Director at San Diego State, announced the home and home series with the Lobos for the years 1978-79-80-81.

The Lobos are currently 5-2 on the season and 3-0 in the Western Athletic Conference. Only nationally ranked Arizona State rates above New Mexico in the WAC. In 1962-63-64 the Lobos won the WAC football title.

"San Diego State is very pleased to expand its schedule to include the University of New Mexico," Karr said. "We feel that by 1978 the Lobos will have regained their former high status in the Western Athletic Conference. Under the leadership of Athletic Director Pete McDavid and coach Rudy Feldman we feel the Lobos will be an extremely worthy opponent."

Coach Named To National Committee

Coach Bob Kloppenburg, veteran of 12 years at United States International University, has been named to the All-American Committee by the National Association of Basketball Coaches.

He was appointed by Bill Wall, of MacMurray College, who is the Committee chairman, and will be responsible for Districts 6, 7 and 8, which cover most of the Western states.

The Committee is responsible for polling coaches and getting the All-American selections for the College Division in 1970-71.

CROWDED — Mount Miguel quarterback Tim Miller tries to turn the corner on an end sweep, but runs into a crowd of Granite Hills defensive backs. Mount Miguel scored twice in game, but lost 35-14.

Matadors Get Two Touchdowns, But Lose Eighth Straight Game

By Walt Ekard

The "small but slow" Mount Miguel football team rose to the occasion in its homecoming game last Friday night against Granite Hills and scored more points than it has all year while losing 35-14, for its eighth straight loss on the year.

Junior quarterback Tim Miller, off the injured list for the Matadors for the first time in the regular season, came on to lead the team to a first half touchdown.

Granite Hills got on the scoreboard first, however, scoring a pair of touchdowns in the first period before Mount Miguel could get going.

In the second quarter, Mount Miguel got the score as Miller ran for 34 yards and tossed a ten-yard scoring strike to make it 14-8.

Moments later, Dave Rowen, the Matador's all-league candidate at cornerback, intercepted a Bobby Thompson pass to bring the homecoming crowd to its feet. But the offensive unit could not get in to the end zone.

Granite Hills got two more scores before the half time gun sounded, and took a 28-8 lead into the dress room.

In the third period, Miller took off on a 41-yard romp to set up a second score against the defensively tough Eagles. Sophomore Doug Gulge carried the ball in from the sev-

en for the score.

The Eagles added a tally in the final quarter to bring the final score to 35-14.

Statistically, Miller carried the ball 12 times in the contest, rolling up 135 yards. The talented speedster went out in the third period with a leg injury, but is expected to be ready for Monte Vista tomorrow night.

Monte Vista, currently riding a game in front of Mount Miguel, has one win this year, over El Capitan, a team that beat Mt. Miguel badly a few weeks ago.

With a healthy Tim Miller, and a tighter defense, the Matadors have an outside chance of knocking off the arch-rival Monarchs.

Man Judged Guilty for Altering Vehicle Registration Certificate

SAN DIEGO (CNA) — A 33-year-old La Presa Junior High School teacher was found guilty Monday in Superior Court on two charges of grand theft and one charge of altering, forging, or falsifying a motor vehicle registration certificate.

John Wright Reardon, 33, of 4514 Third ave., La Mesa, faces up to 34 years in state prison if the terms for his offenses are set by the sentencing judge to run consecutively. The terms are one year to 14 years on the motor vehicle falsification and nothing to 10 years on the others.

Judge Bonsall Noon, who presided over the jury trial, set Nov. 30 for sentencing and a probation hearing. He ordered Reardon, who has been free until now on his own recognizance, to the county jail and set bail at \$3,000.

The school teacher was charged with stealing a GMC truck and a camper, valued at about \$7,000, from the lot of D. & P. Truck Sales, in San Diego. He was also charged with the DMV falsification,

with two counts of receiving stolen property and four counts of issuing bad checks.

He was found not guilty of receiving the stolen property and on two of the bad check counts. On two other check charges, the jury was divided eight to four. These were dismissed by Judge Noon.

Reardon's defense was that he purchased the truck and

camper for \$3,000 from a Richard Leshall, whose address was general delivery, San Diego.

Deputy District Attorney Al Fenton charged that Reardon had taken the van and camper from the lot sometime in late March or early April, for the owners did not miss it at once. The deputy said that Reardon tried to use the motor vehicle papers for a 1947 truck and camper for the new vehicles, altering the paper to make it apply to the new truck.

After the guilty verdict on three of the counts, defense attorney Joseph W. Bryans told Judge Noon that his client is suffering from infectious hepatitis. He asked that Reardon be set free, pending sentencing.

Deputy Fenton protested. "I distrust everything this man says," he declared. "There are things the court should know about him before setting him free. He might be a potential danger and he should be remanded."

The judge remanded him to the jail and set the bail. The defense attorney also declared he expected that Reardon would be immediately let out of his teaching job. Before he went to La Presa Junior High School, he taught at La Presa Elementary School.

The studio facilities, called CABLE TWO, will produce and originate local community-oriented programming over cable television Channel 2. The first program delivered to Mission's subscribers was at 7 p.m., Tuesday.

Henry R. Goldstein, Vice President and General Manager of Mission Cable TV, Inc., said that initial production will provide 6-8 hours of programming weekly and will be available to more than 50,000 TV households serviced by Mission's East San Diego and South Bay offices.

These offices service subscribers residing in El Cajon, La Mesa, Santee, East San Diego, Spring Valley, Chula Vista and Paradise-Encanto.

Angels Unaware To Observe Retarded Week

Included in the program next week are tours of the facilities every half hour, and a bazaar November 20, with a spaghetti dinner at 5 p.m.

Additionally, according to director Mrs. Billie Merrill, the youngsters will be selling gift items which they have made, and the parents will sponsor a bake sale.

This semester, there are 70 students at the center, which is staffed by ten instructors.

Classes offered include four pre-school classes, a class for physically handicapped students, a class for intermediates, a class for young adults, and a work training class.
